REMARKS

Applicants thank the Examiner for the indication of allowability in the present application. By way of the present Amendment, Applicants have moved the six graphs from pages 10-12 to form new figures 5-10 in the drawings. The brief description of the drawings on page 5 has been amended to include a description of these figures. A brief description of each of the figures is now present on page 10 as well. These changes are being made in accordance with a telephone conversation with Examiner Hines on February 12, 2007. Applicants submit that no new issues are being raised by this change, which is designed merely to place the application in a format for publication. In view of this, Applicants request that the application now be returned to the issue process for the payment of the issue fee.

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact Robert F. Gnuse Reg. No. 27,295 at the telephone number of the undersigned below, to conduct an interview in an effort to expedite prosecution in connection with the present application.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies to charge payment or credit any overpayment to Deposit Account No. 02-2448 for any additional fees required under 37.C.F.R. §§1.16 or 1.14; particularly, extension of time fees.
